Dear Sir / Madam,

NEW MAINTENANCE CONTRACT FOR MANAGEMENT AND MAINTENANCE OF THE SCOTTISH TRUNK ROAD NETWORK – NORTH WEST UNIT
A82 – OVERNIGHT CARRIAGEWAY RESURFACING WORKS

BEAR Scotland, on behalf of Transport Scotland, are planning to carry out overnight carriageway resurfacing improvements on the A82 Trunk Road, near (South of Bridge of Orchy). Please see the enclosed location plan for your information.

These carriageway improvement works are programmed to commence Sunday 03 August until morning of Wednesday 06 August, subject to weather. Works will be carried out between 7pm – 6am each night. Please note, no works are planned to take place on Friday or Saturday nights.

Unfortunately, due to narrow carriageway widths along this section of road, the A82 will be closed as a through route over the project extents, each work night, in order to protect the workforce and members of the public. The A82 will therefore be closed in both directions each night between 7pm and 6am. During periods of closure, amnesties at 8pm, 9pm, 10pm, 11pm, 12pm, 2am and 4am will allow waiting vehicles to be escorted through the site.

Access for emergency services will be maintained for the full duration of the works. Access for bus services will be maintained where safe to do so, upon confirmation of timetable.

Out with working hours, the traffic management will be removed, however, driver awareness is encouraged as road users will be travelling over a temporary surface.

Should you require any further information or have any queries related to the above works, please email us at NWConsultation@bearscotland.co.uk.

Yours faithfully,

John Morris
Assistant Planned Maintenance Manager
For and on behalf of BEAR Scotland
